

Limited Warranty

PipePatch is a 'stand alone' Source 1 Environmental product line and all terms of sale are 'PipePatch' specific. All "Contractor Installers" of "PipePatch" by Source 1 Environmental must be trained in the correct application and installation of this product group and such training must be given by authorized Source 1 Environmental trained personnel.

Limited Warranty: Source 1 Environmental warrants this product against all defects in workmanship or material for a period of (1) year and will replace any defective product returned to it within that time period. Source 1 Environmental makes no other representations or warranties, whether oral or implied. No warranty of merchantability and fitness for particular purposes shall apply. Failure to follow the installation instructions provided by Source 1 Environmental will void this limited warranty. Any implied warranties including implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this written warranty. Source 1 Environmental shall not be, in any cause, liable for special incidental or economic or consequential damages. Some States do not allow limitations on how long an implied warranty lasts, or the exclusion of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights and you may have other rights which vary from State to State.

Following extensive testing of the Source 1 Environmental Pipe Patch System, Source 1 Environmental guarantees that the PipePatch System, Source 1 Environmental guarantees that the PipePatch System should last 50 years in the ground if the following criteria are met:

- 1. The Packer, Push Rod, Flexible Adapter and Air Regulator must be approved Source 1 Environmental components.**
- 2. The Pipe Patch installation instructions described in or on each Kit box (summer, winter, or rapid resin) must be followed exactly.**
- 3. The Pipe Patch installation must be completed by an Authorized Pipe Patch Installer and/or an Authorized Pipe Patch Trainer**
- 4. All Pipe Patch installations must be recorded and placed on file with Source 1 Environmental.**
- 5. A copy of the completed field installation record, complete with the installation date, must be forwarded to Source 1 Environmental.**
- 6. These completed forms will be cataloged and kept on file by Source 1 Environmental.**

If all of the above criteria are met and a PipePatch fails, before the 50 year time frame has expired, Source 1 Environmental will replace the patch at no charge to the customer. Failure to adhere to any of the above criteria will void the Source 1 Environmental PipePatch 50 year guarantee.
